## AS THE WEEK BEGINS.

(By Associated Press.)

British troops in Macedonia seemingly have started an operation against the Teutonic allies which may develop westward along the battle front and eventually confront with the successful drive which is being carried out by the French and Italians in Albania. West of the town of Foian which lies on the railroad north of Saloniki, the British have delivered a blow against the Bulgarians which was productive of good results.

Details of the operations are lacking but it is not unreasonable to assume that it had in view the ultimate capture of the railroad line running northward from Uskub and the outflanking of the enemy lines northeast of Monastir.

Meanwhile in Albania, the French and Italians are giving the enemy no rest, pressing him back daily, mile after mile over the trackless country and capturing strategic positions and villages.

The latest official communication shows that the French troops have taken the village of Narta and Gramshi which brings their eastern flank appreciably nearer Lake Ochrida.

Bad weather conditions continue to prevail on the greater portion of the battle front in France and Flanders and the military operations are still far below normal. Nowhere have there been any engagements ranking in importance above trench raids and patrol encounters.

On several sectors, however, big guns are constantly hammering away at opposing positions, particularly on the American front along the Marne, where the activity of the long range pieces has increased perceptibly; on the sectors held by the British, near Albert, Kemmel Hill and Ypres and near Corry where the French face the enemy.

As yet there is no indication that the date for the commencement of the expected grand offensive by the Germans, the battle which it is thought will prove the greatest effort the enemy has yet made—is at hand. The military observers, however, still incline to the belief that with a cessation of the rains, the drifting away of the low lying clouds and a return of clear skies, an attempt at a big drive or the piercing of the allies front will be made.

All apparently is in readiness in the entente camps for any eventualities and supreme confidence evidently prevails among the commanders that the men and guns, the enemy will have to face will prove an insurmountable barrier to Paris or the channel ports.

# NEW BATTLE IS RAGING AMERICANS TAKE 1,500 PRISONERS

## SAMMIES IN THE THICK OF THE BATTLE

(By Associated Press.)

With the American Army on the Marne, July 15.—A strong American counter attack south of the river bend completely upset the Germans, who broke in retreat. The American troops drove the enemy back all the way to the railway skirting the Marne in the region southwest of Jaulgonne. This position is being held. Many prisoners were taken. They include one major, two captains, and four hundred men so far have been counted. The French general in command of the group of armies in this sector sent a congratulatory message this afternoon to the American general commanding the forces which best back the enemy.

## FOLLOWING THE FLAG SOLDIER BOYS.

Mrs. Hey West, of Crofton, has received the following letter written on shipboard by her husband, whose safe arrival in France has just been reported to her:

Dear Wife:—How are you? I'm fine and dandy. I'm on the ship ready to start across. You will hear from me as soon as I get across. Don't worry, I will be back all o. k. and it won't be long. I would like to see you before I go but can't, so may God be with you, until we meet again. Tell everybody goodbye for me and kiss mama too.

I know she will almost die. Cheer her all you can, for it isn't as bad as you think. Can't think of anything else so I will close. It is a good sweet girl until I come home.

HEY WEST.

## DIES FROM PNEUMONIA

EARL JOHNSON SUCCUMBS IN  
NASHVILLE AFTER NINE  
DAYS ILLNESS.

News was received here yesterday afternoon late that Earl Johnson, aged 21 and second son of Mr. and Mrs. Charles Johnson on 23rd St., had succumbed to an attack of pneumonia in the city of Nashville. Death occurred late yesterday afternoon after an illness of nine days.

The deceased had been working at the big powder plant at Hadley's Bend until taken sick ten days ago. The body will arrive here on the early train this morning and will be taken to the home of the parents on 23rd street. The funeral will be held sometime today but the exact hour could not be learned last night. After the funeral interment will take place in Riverside cemetery.

## J. E. JOHNSON DIED SUNDAY

John E. Johnson died Sunday afternoon at the home of his brother, T. P. Johnson, of Oak Grove. His trouble was dropsy complicated with heart disease. He was 52 years of age and until he became ill was connected with Dr. G. P. Isbell's veterinary hospital. He is survived by his wife and four children and his brothers, T. P. and J. C. Johnson.

Mr. Johnson was a member of the Christian church and his funeral services were held yesterday morning by Rev. E. S. Smith at the home of his brother near Oak Grove, and his body was brought here for interment in the Riverside cemetery.

## INVASION OF RUSSIA WELL UNDER WAY

AMERICAN MARINES ARE LAND-  
ED TO CO-OPERATE WITH  
THE BRITISH TROOPS.

Washington, July 16.—Although overshadowed by tremendous developments on the Western front the situation in Russia and Siberia in presenting new phases daily. At no less than three widely separated points has opposition to the Soviet government greatly strengthened the allied position, thus heavily taxing the inadequate Bolshevik military machines. On the shores of the Arctic and White seas small international entente forces, which have been holding railroad terminals at Kola and Murmansk are understood to be advancing southward toward Vologda, after receiving reinforcements which included American marines and sailors. It is not known if Americans are participating in the advance. It is doubted if they would do so in the absence of special instructions, unless as a matter of defense.

The Swedish advises indicate surprising changes at home among the Finns toward their German controlled government, making it impossible for them to raise volunteer troops to attack the entente forces.

## INTERVENTION ACTUAL FACT.

Washington, July 15.—American and British troops have occupied the whole of the Murman coast in northern Russia, according to a Moscow dispatch.

After capturing Kem, a railroad station on the White Sea coast, the dispatch adds, the American and British forces advanced toward Toroki. The Russian Bolshevik authorities have withdrawn to Nizok.

The commander of the entente allied forces have issued an appeal to the population of the Murman coast requesting their help against Germany and Finland.

They have declared that the coast is Russian territory and under the protection of the entente.

## HISTORIC BIBLE

ONE OF THE SCHOOL BIBLES OF  
MAJ. J. O. FERRELL NOW  
AT RIVERSIDE CEMETERY  
CHAPEL.

The Bible used in the Chapel at Riverside Cemetery is the same Bible said to have been used in the Ferrell High School in this city up to the time it closed in February 1903. It was given by Maj. Ferrell with other books to the Public Library and was found there by Mrs. V. L. Gates, of the committee to furnish the chapel who secured it for the cemetery. Maj. J. P. Thomas put a beautiful cover on the historic Bible that is a work of art and it now occupies a place on the pulpit of the chapel.

It was the custom of Maj. J. O. Ferrell to read a chapter from the Bible every morning and open his school with prayer.

The Bible used for this purpose was a small one that he could hold in his hand.

THOUGHT EDISON'S SON  
HAD EASY JOB.

Charles Edison, son of Thomas A.  
Edison, says in the August American  
Magazine.

"Not long ago, I went into the office  
of a New York notary public with  
some papers I wanted to have witnessed. The notary read along with-  
out comment until he came to my  
name.

"'You're not Thomas Edison's son,  
are you?' he asked.

"'When I said that I was, his man-  
ner changed immediately.'

"'Well,' he laughed, 'I guess you  
don't have to worry much! It's pretty  
soft for you folks that can work  
for your old man!'

"I smiled—but I just wished he  
could put in a few days working for  
Thomas A. Edison! I'd like to hear  
his opinion of the 'softness' of the  
job when he got through. And it  
wouldn't make any difference whether  
or he went in as my father's son,  
either."

"I think that is one of the chief  
reasons why I do work for my father,  
because he does not make any  
difference in his business treatment  
of me on that account."

**A NERVOUS WRECK**

From Three Years' Suffering. Says  
Cardui Made Her Well.

Texas City, Tex.—In an interesting  
statement, Mrs. G. H. Schill, of this town,  
says: "For three years I suffered untold  
agony in my head. I was unable to  
do any of my work.

I just wanted to sleep all the time, for  
that was the only ease I could get, when  
I was asleep. I became a nervous wreck  
just from the awful suffering with my  
head.

I was so nervous that the least noise  
would make me jump out of my bed. I  
had no energy, and was unable to do  
anything. My son, a young boy, had to  
do all my household duties.

I was not able to do anything until I  
took Cardui. I took three bottles in all,  
and it surely cured me of those awful  
headaches. That has been three years  
ago, and I know the cure is permanent,  
for I have never had any headache since  
taking Cardui. . . .

Nothing relieved me until I took Cardui.  
It did wonders for me."

**TWO BROTHERS WOUNDED.**

Evansville, Ind., July 16.—Both of  
the Gilten brothers serving with the  
United States marines in the attack  
at Chateau Thierry were wounded  
according to a letter received Sat-  
urday by Mrs. Vera Tilligamp, living  
in this city. The letter, which was  
dated June 19, was from Madison Len  
Gerten and he spoke of his brother  
and himself being wounded. Since  
the writing of this letter, however,  
Mrs. Therna Gilten, who now lives at  
Sturgis, Ky., has been notified by  
the War Department of the serious  
wounding of her son, Charles Lester  
Gerten. Mrs. Gilten has four boys  
in the United States service and they  
are all in France.

**WORK STOPPED.**

Madisonville, Ky., July 16.—Work  
on the Illinois Central extension  
from Providence to Dawson Springs  
was stopped last week, by order of  
the Director General of Railroads,  
and the construction companies at  
work on the road have moved their  
trains, graders, locomotive and other  
equipment away. Scrutiny of labor  
has hampered the work from the  
outset. Material has also been hard  
to get, owing to war demands, and  
the contractors could not have com-  
pleted the work without a great loss  
of time. It is likely no further at-  
tempts will be made to resume work  
on the road until after the war.

**24 NATIONS IN  
ECONOMIC PACT**

LORD CECIL DECLARES WILSON  
HAS DEFINED THE FREEDOM  
WHICH MUST GUARANTEE.

**GERMANY IS AN OUTLAW.**

BOYCOTT OF THE WORLD MUST  
HEDGE HER UNTIL PEOPLE  
SHE OPPRESSES ARE FREED.

London, July 16.—An economic as-  
sociation of 24 nations comprising  
the entente allies already is in exist-  
ence, declared Lord Robert Cecil,  
British under-secretary of state for  
foreign affairs and minister of blockade,  
in a comprehensive statement  
regarding the world's trade after the  
war which was issued.

Whether Germany eventually shall  
be admitted to this economic associa-  
tion, will be determined by the test estab-  
lished by President Wilson when the  
president said on Dec. 4 that if the  
German people should, after the  
war was over, "continue to be  
subjected to vile underhanded and  
intriguing masters interested to dis-  
turb the peace of the world," it might  
be impossible to admit them to the  
partnership of the nations or to free  
economic intercourse.

Lord Robert described this state-  
ment by the president as a definition  
of the qualifications for membership  
in the association of nations and  
added: "To these declarations, we  
give our warmest assent."

Germany is the one obstacle to  
this economic association of nations,  
still Lord Robert—the Germany de-  
scribed by President Wilson—a Ger-  
many living under ambitious and  
intriguing masters.

Russian Policy Stands U. S.—  
"Germany's economic policy is  
ward all the grouping of peoples from  
the Arctic ocean to the 'Asia,' said  
he continued. "Is absolutely con-  
trary to our principles. Economic  
independence and freedom were the  
last things which Germany will ever  
allow to the peoples" within her  
reach.

"So long as this is the policy of  
Germany, how can we admit her to  
membership in the free association  
of nations to which we already be-  
long?" asked Lord Robert. "Before  
we can offer her any participation in  
our resources we must release her  
victims from the economic slavery  
that she is imposing upon them."

Tennessee Aviator Achieves Success in  
Unusual Combat—Brings Down One  
Hun and Evades Three Enemy  
Planes When His Machine Gun Be-  
comes Jammed—Auto Racer Scores  
Another.

An American serial pursuit squadron is operating over the American sector northwest of Toul. It is permitted to announce. All the pilots whose exploits have been recorded up to this time belong to this squadron, which has a special insignia. The squadron is flying in Newport chafing machines.

The first victories, in which the American squadron brought down two German machines, were gained the day after they took up flying on this sector. The occupants of the German machines were made prisoners.

Other machines, aside from those in this squadron, also are flying on the Toul front. The fact that an American squadron was there could not be mentioned previously because it was not desired that the Germans should know of the fact.

But after that, here, here, so many flights at elevations and two American machines have fallen it is believed certain the enemy knows it. An American squadron is operating on this front. There is also the fact that Capt. James Norman Hall has followed the Germans and down made a prisoner.

Downs German Airplane.

Lieut. Edward Buford, Jr., of Nashville, Tenn., was officially credited with shooting down a German airplane over St. Mihiel on May 22.

Buford while patrolling encountered two German pursuit planes. The fighting continued only a few minutes. Lieut. Buford attacking one of the German planes, which tried to lead him into the fire from the other. Suddenly Lieutenant Buford looked overhead and saw two more Germans coming down from out of the clouds. He took a dive, all of the Germans diving at the same time, and when he came up he had one of the enemy planes in front of him. Buford began firing with his machine gun, causing his adversary to disappear in a nose dive. Although he was sure he had hit the German, it was not until later that the victory was confirmed.

A few minutes later Lieutenant Buford by maneuvering managed to get behind two of the remaining three machines and opened fire, but his machine gun jammed. As he was unable to see his weapon he started in a series of skillful dives and turns and was successful in shaking off the three enemy planes.

Lieut. Edward Rickenbacher, the former automobile racer, has added another serial victory to his record. Announcement was made that it had been confirmed that the Lieutenant shot down a German biplane in the neighborhood of Thiaucourt on May 22. The fight took place 5,500 meters in the air.

Gets an Enemy's Tail.

With another pilot Lieutenant Rickenbacher engaged in a long fight with two enemy machines. Rickenbacher finally got on the tail of one machine and fired more than a score of shots at short range. The enemy machine went into a spinning nose dive, but it was uncertain whether it hit the ground, or the Lieutenant was not credited with a victory at the time. Positive confirmation that the machine crashed to the ground has since been obtained.

No confirmation is obtainable concerning the German report that three American airplanes have been shot down in the Lya region.

### FAMILY IN SIX WARS

Some Member Has Served the United States in Each One.

When F. Levi Drow, aged 57, enlisted recently in the preexisting corps in St. Louis, a record of 140 years was perfected, a member of the Drow family having served in every one of the six wars in which the United States has participated.

His great-grandfather served in the Revolution, furnishing his own rifle, clothing, etc. His father, Justice J. H. Drow of Edwardsville enlisted for the Civil War at the age of fourteen.

Levi Drow is an expert engineer, and his age, which in other branches would be considered a drawback, was regarded as an asset. After passing the examination he was sent to Wilmington, Del.

# LARGE CROWDS CAME OUT

EVERYWHERE TO WITNESS EXHIBITION OF HILLIS' WAR PICTURES—CAMPAIGN CONTINUES.

Everywhere the exhibition of the Hillis' War Pictures have been shown in this county large crowds have seen them and they sit in bewilderment while looking upon the scenes and listening to a recital of the bloodiest, most atrocious, and most blood-curdling acts ever committed by human hands.

Saturday afternoon and night large gatherings were at both Kelly and Crofton, the crowd at Crofton being so large the pictures had to be shown out doors.

Sunday three meetings were held at Honey Grove, New Idea Consolidated School and Dogwood. At all these places the buildings were filled to overflowing. The purpose of the pictures and the meaning of the War Savings Stamp were explained at all these meetings by R. E. Cooper, Chairman of the Council of Defense. The pictures and history of each were told by Mr. Jake Crider, and the follow-up patriotic addresses were delivered by J. R. Allensworth. The machine and pictures were operated by T. J. Baugh, the electrician. Others who helped to make up the party were Mrs. R. E. Cooper, Miss Annie Forbes, L. E. Foster, Geo. Kolb, H. A. Robinson, E. B. Barnes and W. L. Gore. At Dogwood Sunday night the party was joined by Mrs. E. P. Barnes and Mr. and Mrs. Koffman.

Yesterday afternoon the pictures were shown at Bluff Spring by request, the original schedule not including this place. Last night the meeting at Gracey was largely attended and much enthusiasm aroused there as at Bluff Spring and all other places.

This evening at 8:30 these pictures will be shown at LaFayette where a rousing meeting is in the making. The meeting for the remainder of the week are Howell, Wednesday night; Kennedy, Thursday night, and Pembroke Friday night. Children under 18 are not allowed to attend the showing of these pictures.

## REHABILITATION OF OUR SOLDIER BOYS.

Five of the most famous stars of the screen will all be seen in a single picture when "The Cabaret" comes to the Rex theatre to-morrow. These stars are Carlyle Blackwell, June Elvidge, Montagu Love, John Bowers and George MacQuarrie, and they give a presentation of this strong play that will long be memorable in the annals of the industry.

The exceptional strength of this cast was chosen because of the exceptional strength of the story. "The Cabaret" is a forceful, unusual, intensely interesting dramatic document which is splendidly worth its presentation by such as all-star cast. It is a story of present-day life in the famous Greenwich Village, of New York City, where so many of the modern internationally famous authors and artists live and work.

"The Cabaret" is, of course, a love story. Love is the vital force that moves the characters to such dramatically intense action. It is a love story that is unusual, too. It shows the Bohemian nature of the life lived in "The Village" as few other films have recently done, and in doing this it presents a number of fascinating views of this remarkable section of the big city.

Carlyle Blackwell is seen in a different, but highly congenial role in this picture. He has the "heavy" part, which Montagu Love takes the part of the silent but faithful lover. "The Cabaret" is a picture that you will enjoy and talk to your friends about. By all means, see it.
